

DISTRICT COURT, ARAPAHOE COUNTY, COLORADO

AFFIDAVIT OF PROBABLE CAUSE FOR ARREST WARRANT

I, Troy Bisgard, of lawful age and being first sworn upon oath, state that I have probable cause for believing that:

Black, Terance Jamal
DOB: [REDACTED] 1991

did commit the crime(s) of:

18-4-303	Aggravated Robbery of Controlled Substance x 3	2F
18-2-201	Conspiracy to Commit Agg. Robbery of Controlled Sub.	3F
18-4-302	Aggravated Robbery	3F
18-4-202	First Degree Burglary	3F
18-2-201	Conspiracy (Aggravated Robbery and First Degree Burglary)	4F
18-4-401	Theft (\$20,000 +)	4F

On August 14, 2016 at approximately 1:56 p.m., within Arapahoe County, Colorado and:

18-3-102	Murder in the First Degree	1F
18-3-102	Conspiracy to Commit Murder in the First Degree	2F

On October 12, 2016 at approximately 9:45p.m., within Denver County, Colorado as grounds therefore state as follows:

That Your Affiant is a Detective with the Denver Police Department Homicide Unit, and that the following information was obtained by me personally and from the official records of the Denver Police Department, Aurora Police Department and the Arapahoe County Sheriff's Office.

Your Affiant is aware of the following information as it is contained in Arapahoe County Sheriff's Office Offense Report #AC16-29977, written by Arapahoe County Sheriff's Deputy DANIEL SWIFT, and subsequently read by this Affiant. Deputy SWIFT reported that:

On 08/14/16 at about 1356 hours, Arapahoe County Sheriff's Office (ACSO) Deputy DANIEL SWIFT responded to the Cure Dispensary at:

6200 East Yale Avenue
Unincorporated Arapahoe County, Colorado

in reference to a robbery. While still responding, Dispatchers advised that the suspects in the robbery were dressed in dark clothing and possibly had a long gun. Dispatch further advised that the suspects left the area in a white sedan traveling westbound on East Yale Avenue.

Upon Deputy SWIFT's arrival, he came into contact with two female witnesses who were seated in a vehicle in the parking lot of the Cure. They advised that they had called 911. The first witness was identified as:

[REDACTED]
[REDACTED]

[REDACTED] stated that:

She was pulling into the parking lot of the Cure Dispensary when she observed a white four-door sedan parked backwards in the closest spot to the Cure.

She observed two dark-complected black male suspects exit the business with "a big bag or more."

One of the suspects had what appeared to be an "automatic type gun."

The suspect went to the passenger side of the suspect vehicle.

The suspect had dreadlocks which were showing from under a dark mask. The suspect was wearing all black clothing and had long sleeves.

She ducked down in her vehicle and observed the sedan leave westbound on East Yale Avenue.

After speaking with [REDACTED], Deputy SWIFT then spoke with the second witness, who was identified as:

[REDACTED]
[REDACTED]

[REDACTED] stated that:

She observed two dark-complected black male suspects with dreadlocks run out of the store.

She observed one suspect crouching down and holding a gun.

She really only observed the suspect getting into the passenger seat of the suspect vehicle.

The gun was “an automatic weapon.”

She got down in her seat.

Neither she nor [REDACTED] obtained a license plate number for the white sedan.

Both [REDACTED] completed written statements which were later submitted to records.

Deputy SWIFT then contacted an on-duty employee of the Cure, who was identified as:

[REDACTED]
[REDACTED]

and a patient who was in the store at the time of the robbery, who was identified as:

[REDACTED]

and took their statements. INVESTIGATOR JEFF HIMES responded to the scene and conducted a more lengthy interview with [REDACTED]. [REDACTED] reported the following to INVESTIGATOR HIMES:

He is a customer at The Cure and came into the store, but realized he left his money in the car.

When he went to retrieve his money from his car, he noticed a black female who appeared to be under the influence, carrying a “wad” of money.

The female was approximately 5-05 tall, 55-60 years old, who smelled of alcohol; she was wearing black shorts and a white t-shirt.

After he reentered the dispensary, he was standing by the cash register and then there was a gun barrel in his face.

The gun was some kind of Uzi and had a silencer and a thick barrel, but he doesn’t know guns that well.

He heard [REDACTED] the employee of the dispensary, scream and then a male pushed him around to the register area.

He was then told to “get down” by the male. He believed there were three people who entered and committed the robbery.

He was able to describe the robber who said "get down" as 6-02 to 6-03, 150-175 pounds wearing a white or red mask, a white t-shirt and a black coat. He believed the robber was black because of the dialect.

He also believed that one of the robbers asked for money, but he then heard somebody at the front door say "let's go" in a male voice.

He believed the female who was under the influence of something was involved because she was the only one there.

INVESTIGATOR LONG read that [REDACTED] reported the following information to INVESTIGATOR HIMES:

She is a Store Associate at the Cure Dispensary.

[REDACTED] came into the dispensary but he said he had to go back to his car. A female subject came to the main entrance of the dispensary and had also been at the dispensary last night at 1850 hours.

The previous night, she wouldn't let the female into the dispensary. The female had begged to come in. She described the female as shorter, black, light skinned with a black wig, 30-35 years old, short and thick about 5-03 tall and weighing approximately 150 pounds.

That day, the same female from the previous evening showed up while [REDACTED] was getting money from his car. She was positive that it was the same female from the previous night.

She let the female in because the female said she was a medical patient and had been to the Cure before, however she didn't recognize the female as a patient.

She let the female into the dispensary to wait in the waiting area while she and [REDACTED] went to the purchasing area. She then heard a lot of ruffling in the waiting room and a man wearing a mask came through the door into the purchasing area.

She said that the suspect was a male, wearing all black, a black knit mask and was about 6-02 to 6-03 tall, 150-160 pounds with a rifle type weapon (a long gun). The suspect pointed the gun in her direction, which caused to be afraid for her life.

She said the suspect told her to get down and at this time, she saw skin in his hand area and knew he was black.

There was more than one robber, but she didn't see the others. She said one of the robbers was wearing red and white, high top basketball shoes, but she is unsure if it was the one with the gun.

The robber with the gun said to not look and asked where the money was; she stood up to open the register and the suspect with the gun grabbed her neck to hold her there as she put her password into the register.

There was an auditory signal she heard that she believed meant "let's go" to the other suspects.

She "100%" believed that the female was involved, as the female must have let the robbers in the main entrance because the door is locked to people outside the dispensary.

She saw one of the suspects walk out of the dispensary and believed it was the same suspect who had the gun. [REDACTED] said that she saw the suspect carrying a bag; a sporty kind of bag approximately 2.5 feet long and 1.5 feet high which was multi-colored and remembers seeing light grey on the bag.

INVESTIGATOR LONG read that the manager of the dispensary responded to the store and she was later identified as:

[REDACTED]

[REDACTED] stated that the store had video surveillance and she would contact the owner of the store, who was identified as:

[REDACTED]

[REDACTED] responded and showed the surveillance video of the robbery to ACSO Sergeant MELISSA WILLIAMS. Sergeant WILLIAMS emailed Deputy SWIFT the video. Deputy SWIFT forwarded all the emails to ACSO Criminalist KERIE MCKOWN with evidence. [REDACTED] advised he believed that he lost about two pounds of marijuana worth about \$4,000.00. He said he also believed that he lost 18 marijuana trim packages worth about \$18,000.00. [REDACTED] stated that he would email This Affiant with further information when he had obtained it.

INVESTIGATOR LONG read a supplemental report completed by ACSO Deputy ERIC VROOMEN. Deputy VROOMEN reported that:

Upon his arrival, he was contacted by a resident who lived nearby the Cure, who was identified as:

[REDACTED]

[REDACTED] stated that:

He saw what appeared to be a silver Buick pull up outside of his home.

He thought that this was strange because the people inside didn't park like they wanted to get out of the car.

He then saw a half white/half black woman approach the entry to the parking lot of the Cure Dispensary.

Someone in the Buick said, "There she comes. Go, go!"

The Buick crossed over Yale Avenue and entered the parking lot of the Cure.

Shortly after that, he heard someone yell, "Get the fuck out of here!"

He then witnessed the Buick speed out of the parking lot onto westbound Yale Avenue.

INVESTIGATOR LONG read a supplemental report that was completed by ACSO Deputy BUDDY GILLESPIE, who reported that:

At about 1747 hours, he responded to [REDACTED] East Dickenson Place on the report of suspicious activity. His call notes indicated that the reporting party had observed two male suspects dump two "Tupperware" containers on the street and sidewalk and then leave the scene.

Upon Deputy GILLESPIE's arrival on scene, he met with the reporting party, who was identified as:

[REDACTED]

Also on scene was [REDACTED] who were identified as:

[REDACTED] L

and

[REDACTED]

[REDACTED] advised that:

He was inside his residence at [REDACTED] East Dickenson Place.

He could see the street from a front window.

He observed what he described as a white Lexus sedan stopped on the street in front of his residence.

The vehicle appeared to be displaying a North Dakota license plate.

Two black male suspects were inside.

Both male suspects were “dressed sharp” and were wearing clothing that he described as “rapper style.”

The suspects were wearing athletic-style clothing like sweat suits, and were wearing jewelry.

Both black male suspects appeared to be in their early to mid-20s with medium builds and average height.

One of the male suspects had a dreadlock hairstyle with a red hat.

They removed two blue containers from the vehicle and left one on the sidewalk and left the other in the middle of the street.

They got back into the vehicle and drove away and headed westbound on East Dickenson Place towards South Holly Place.

He [REDACTED] moved both of the plastic containers into his driveway.

He called 911 to report the incident at about 1400 hours.

He advised Dispatch that it wasn't an emergency and was placed on hold.

He hung up after waiting for a while.

In [REDACTED] driveway, Deputy GILLESPIE observed two blue plastic bins. One of the bins had a lid and the other did not. On one bin was a piece of white paper with “Gorilla Glue TRIM” written on it. The other bin had a piece of paper with “Purple Tahoe TRIM” written on it. Inside both containers was marijuana residue. Inside the “Gorilla Glue” bin was a yellow sticker with a black bar code and the word “MEDICAL” stamped on it. The “Purple Tahoe” bin had three similar stickers inside of it. All of this was photographed by Deputy GILLESPIE.

INVESTIGATOR LONG read that a resident across the street who resided in [REDACTED] South Ivanhoe Place had security cameras pointing at his driveway. With [REDACTED] assistance, Deputy GILLESPIE spoke with the resident of the address by phone, who was identified as:

[REDACTED]

██████████ advised that he was out of state for the next week in South Dakota. ██████████ said that his security video system stored video for 30 days. Deputy GILLESPIE asked ██████████ if an Investigator could contact him if they needed to review the video and he said that they could.

The other residents of the above-listed addresses had not seen anything.

INVESTIGATOR LONG read that while Deputy SWIFT was preparing his report, he was contacted by Denver Police Officer RORY KOWALSKI, who stated that he was with a male witness who had been picked up in a silver Buick LeSabre. The witness described a black male suspect with dreadlocks being in the front passenger seat of the LeSabre. The witness further described a black female suspect being the driver and two other black male suspects being in the vehicle. The male witness stated that he went to the Timbers Hotel, located at 4411 Peoria Street. The witness stated that he then watched the suspects carry large amounts of marijuana in bags into the hotel room. The witness believed that it was in Room 126 but he was unsure.

Officer KOWALSKI had later text messaged INVESTIGATOR LONG photographs that were taken by the witness, identified as:

HENDERSON, DAVID
DOB: ██████████1968

One of the photographs forwarded by Officer KOWALSKI was of a mask that was taken by HENDERSON while the mask was in the silver colored Buick Lucerne, which is described in Officer KOWALSKI'S report. INVESTIGATOR HIMES then forwarded the photograph to ██████████ and she said that she was 70-75% sure it was the mask worn by one of the robbers.

Officer KOWALSKI also advised that HENDERSON had been contacted by a female identified as:

BLACK, TINA MARIE
DOB: ██████████1966

and BLACK took him to the Timbers Hotel located at 4411 Peoria St. in Denver to work on a vehicle, a possible 2015 Ford Explorer with Illinois license plate. Officer KOWALSKI further advised that he had sent uniformed DPD officers to the Timbers Hotel and determined that BLACK was staying in room 125 and another male, identified as:

██
was staying in room 125 as well.

On 081516, at about 1330 hrs, Investigators ROGER LANDIES and TARA MUELLER contacted DAVID HENDERSON by phone and at his residence. The following additional information was obtained:

HENDERSON stated:

On 081416 he made a report about the dispensary robbery because he took some suspicious pictures. He made the report to Denver PD (DPD case number 2016-516664):

He explained that:

He is a mobile mechanic and was contacted by a subject who he knows as "TINA" and later identified as:

TINA BLACK
DOB: [REDACTED]66

to repair a vehicle. TINA called him from [REDACTED]

This vehicle was later identified as a 2015 Ford Explorer, silver/gray in color, bearing Ill license plate number, [REDACTED] and registered to

[REDACTED]

and later found to be in the possession of:

[REDACTED]

He was given a ride to the Timbers Motel to repair the car by TINA BLACK, in her car, he described as a silver Buick. On the way to the hotel he rode in the front seat of TINA'S car.

He had fixed TINA's car earlier (the Buick).

TINA BLACKS car was later identified as a 2008 Buick Lucerne bearing AZ 3-Day Temporary Tag # [REDACTED], which listed to:

[REDACTED]

which information was determined to be fictional. INVESTIGATOR LONG later researched the vehicle and found that it was actually unregistered and owned by:

This vehicle however, was in possession of:

TINA BLACK
DOB: [REDACTED]66

HENDERSON continued to report that:

Upon arriving at the hotel, he noticed that there were a “lot of suspicious looking guys” there.

At first he was just with [REDACTED], “the guy” who had the Explorer he was hired to fix and “all these other guys” started showing up. There were about four men and two women. One of these subjects was a light-skinned B/M.

After working on the Ford Explorer, and finding that he couldn’t get parts for it because the dealership was closed, he waited for a ride back home. The vehicle needed a new radiator hose which was not then attainable.

While waiting he saw a “big guy” with a garbage can and someone else with a duffle bag. One guy pulled “weed” out from the garbage can so he tried to be inconspicuous.

He worked on it at the hotel at I-70. He took jugs of water out to the car for the radiator.

At this time the light-skinned black woman was there when all the suspicious male subjects started showing up. He was putting water in the car to start the vehicle up to see where the leak was coming from.

The suspicious male subjects were talking “all ghetto and stuff,” and he just wanted to get away from it. He wondered why “all these people” came into one hotel room.

TINA left, and “all these guys” piled in (her car) with her.

When TINA came back, she came back with the suspicious looking male suspects, and a duffle bag and trashcan. The light-skinned female (Who is a black

female) was “talking ignorant like”: “I get my money.” The light-skinned lady was the one that was “talking crap.”

He described the “light-skinned lady” as wearing black and white clothing and having little marks on her face—like abrasions. Her face was “rough-looking.” She was about 505 tall.

He described the suspicious looking male suspects as wearing the blue colors and there were maybe six subjects present at first. He tried to have no eye-contact with them. He didn’t want to be recognized; the subjects were looking at him, and he just wanted to leave.

He thought that one of the subjects was TINA’S son and the rest were her son’s “buddies”. He’s not sure of TINA’s son’s name. He had previously worked on TINA’s son’s car in an area later determined to be at 8350 E Yale Av. TINA’S sons’ girlfriend was later found to live in Unit [REDACTED] at the residence. The car is a gray Ford Fusion. The car is maybe a 2015; a newer one. He believed that TINA’s son was hanging out in that area with his girlfriend.

He rode back home in TINA’S car and then rode in the back seat. He explained that TINA was driving and there was a suspect in the front passenger seat he described as a B/M with dreadlocks. He sat in the back seat behind this suspect.

He further described that the driver of the car in the pictures he sent to Investigator LANDEIS is TINA, and the male subject with the dreadlocks, in the front passenger seat, as having light skin—yellowish skin.

He thought that “something wasn’t right.

He saw masks and white gloves sitting on the seat right next to him which scared him. He didn’t know what else to do so he took out his phone and started taking pictures.

On his way home he heard the suspect with the dreadlocks say that he needed a change of clothes because they were going to be able to identify him. TINA stopped at The Gen-X store, 1494 Chester St where they purchased him some new clothing.

At some point TINA dropped the suspect with the dreadlocks off at the Conoco Service Station at 39th and Peoria at which point he got into a silver Cadillac CTS with no visible plates.

When TINA went into the store, he took photos of her car and the license plate on her car (Investigator LANDEIS later collected these photos and placed them in evidence).

HENDERSON further stated that:

He thinks [REDACTED] is a “good guy.”

When asked if he thought [REDACTED] was with the suspects, DAVE said: “No.”

He’d heard that the police had been to the suspect’s room the day before yesterday on the 13th. He thought he heard the subjects say the room number was room 125. [REDACTED] was the person who registered for that room. He thought that the suspicious subjects were “using” [REDACTED].

When asked if he had heard where the subjects where from, he said he heard that they go to Kansas a lot.

HENDERSON further described that:

Some of the suspicious subjects that were there that he recalled he described as:

One was dark skinned, heavy-set, and tall.

One was wearing a tank top, and he had braids. It seemed to him like he just got out of the penitentiary.

TINA’s son was there. He’s brown-skinned, short hair, clean cut. He’s tall, 6’01” or more.

A couple of subjects were tall, and a couple were just “regular size.”

He noticed one guy had black and white and black shoes on with some red on them—the red was in the markings.

The guy that he believed had just gotten out of the prison had on a tank top and braids in his hair.

He was trying to be careful not to be so conspicuous, but he could tell they were gang members.

He saw the male suspect pull a plastic bag with a white seal—about a gallon bag size, out of the trashcan. He saw him looking at it and covered it back up.

He was inside the hotel room waiting for TINA to come pick him up. One of the male suspects came in with a garbage can and another one had a duffle bag. When he was going out the door, the guy with the duffle bag came walking in.

He kept thinking, something’s not right, and he was real nervous about being there.

When asked if he could describe the duffle bag, DAVE said, "It was dark colored, long, and had maybe a gray stripe on it, maybe a gray handle, something light colored on there." He only saw one duffle bag, but there were more people coming in as he was heading out the door.

On 081516, at approximately 1245 hours, INVESTIGATOR HIMES, ACSO SERGEANT BRUCE PETERSON, ACSO INVESTIGATOR's KRISTEN MCCAULEY and INVESTIGATOR LONG, along with two uniformed DPD Officers responded to room #125 of the Timbers Hotel. INVESTIGATOR HIMES knocked on the door and could hear voices in room #125, but nobody answered the door.

INVESTIGATORS HIMES, LONG and all the above listed officers then went to the parking lot for discussion. At this time, an African-American male exited the hotel. INVESTIGATOR HIMES immediately recognized the male as [REDACTED] from his driver's license. INVESTIGATOR HIMES then introduced himself to [REDACTED] and he agreed to speak with Investigators. [REDACTED] said that the Ford Explorer with the Illinois license plate was his vehicle and the vehicle that HENDERSON was hired to repair.

Additionally, [REDACTED] said that it was his belief that the silver colored Buick Lucerne belonged to TINA BLACK. [REDACTED] said that Investigators could look in his vehicle, the Ford Explorer, however, he didn't have the keys as they were with someone else. [REDACTED] was asked who else was in room #125 and he said just a child that he was watching after. [REDACTED] stated that he was staying in room #125 as well as room #263. This Affiant asked [REDACTED] if Investigators could go into room #125 and he agreed. Without asking, [REDACTED] then provided INVESTIGATOR HIMES with a room key and said it was for room #125.

Sgt PETERSON assisted Investigators on scene and noted that at one point, while INVESTIGATOR HIMES spoke with [REDACTED], he sat down on the ground and smoked a cigarette. Sgt PETERSON was standing near [REDACTED] however was not engaged in a conversation with him. At some point [REDACTED] looked up at Sgt PETERSON and randomly stated, "I rented a white van for some guy that I don't know. It is probably not involved in this." Sgt PETERSON thought that this comment seemed strange and acknowledged [REDACTED] by stating "okay."

During the contact with [REDACTED], he identified the Ford Explorer vehicle in the parking lot as belonging to him. Sgt PETERSON asked [REDACTED] if he would give voluntary consent for a search of his vehicle. [REDACTED] stated that he would consent but was not sure where his keys were located at. [REDACTED]' keys were later located with his assistance. Sgt PETERSON again confirmed with [REDACTED] that he was consenting to a voluntary search of his vehicle. Sgt PETERSON explained to [REDACTED] that he had the right to refuse the search. [REDACTED] stated that he consented to the search. [REDACTED] stood in the parking lot with Sgt PETERSON next to his vehicle while INVESTIGATOR LONG performed an initial search of the vehicle. INVESTIGATOR LONG quickly determined that the vehicle appeared to contain items from the robbery in question.

████████ consented to his vehicle being moved to ACSO for processing. ██████████ also voluntarily traveled with investigators to be interviewed.

INVESTIGATOR HIMES and INVESTIGATOR LONG then responded back to room #125 and knocked on the door. There was no answer and INVESTIGATOR HIMES used the key card, opened the door and asked if anybody else was present in the room. Upon opening the door, INVESTIGATOR HIMES observed a male child asleep on the fold-out couch. At this time, an African-American female came to the open door from the bedroom.

INVESTIGATOR HIMES identified himself and INVESTIGATOR LONG and asked if they could enter the hotel room. The African-American female agreed and invited them inside. INVESTIGATOR HIMES then requested permission from the African-American female to make sure nobody else was in the room. She granted permission and INVESTIGATOR HIMES noted no one else was inside. The female then identified herself, verbally only, as:

████████████████████

████████ said that the male child sleeping on the fold out couch was her ten year old son.

████████ stated that yesterday, 08/14/2016, around 1400 hours, TINA BLACK drove her to the Cure to get marijuana in the silver Buick Lucerne. ██████████ further advised that while at the Cure, she forgot her identification in the car and as she left the Cure, three men in masks came into the Cure and she took off running, got to the silver Buick Lucerne and said to "get out of here." ██████████ also stated that the night before the robbery on 08/13/2016, she was at the Cure, but the employee working there wouldn't give her tape that she needed to tape up the money she had.

████████ reiterated that she only saw "three guys;" she didn't see anything but the masks.

INVESTIGATOR HIMES noticed two wigs in room #125. ██████████ said that they belonged to TINA BLACK, but said that Investigators could take them. INVESTIGATOR LONG took custody of the wigs which were later placed in evidence.

On 081516, at about 1416 hrs INVESTIGATOR LONG interviewed:

████████████████████

who had voluntarily responded with INVESTIGATOR HIMES to ACSO HQ for the interview. ██████████ had earlier provided his verbal consent to search his vehicle at which time numerous items of Cure Dispensary merchandise (marijuana products) was located.

██████ had denied any knowledge of the marijuana products that was located in his vehicle. ██████ was not in custody, was told that he would not be arrested prior to the interview and was aware that he would be able to leave at the end of the interview. ██████ then provided the following additional information:

He has been in Colorado for the previous 6 months. He is originally from Tennessee.

He went to the Timbers Hotel to help others with "rent." He has been at the Timbers Hotel "for a while."

He originally went to the hotel to "meet with somebody to pick up some dope." He "has a problem (drug)." He is addicted to powder cocaine and crack cocaine. He was able to buy drugs at the hotel. He picked the drugs up from "some guy."

The "some guy" that he bought the drugs from was not staying at the Timbers hotel.

He only knows people by their monikers and first names. When INVESTIGATOR LONG mentioned TINA BLACK he knew her as only "BLACK" and did not know her as "TINA."

He knows TINA BLACK from the past and has purchased drugs from her previously, but she has not recently sold anything to him. She told him that she "is trying to get her shit together."

TINA BLACK had been staying at the hotel. He paid for room #125 at the hotel for TINA BLACK; they are friends. He also got his own room # 263.

He knows "RED" previously identified as:

██

because she also has a drug problem and he and RED get high together.

TINA BLACK drives "a silver car;" he didn't know if BLACK'S car was parked at the hotel.

His vehicle, the silver Ford Explorer, is registered to him and his parents. He explained that the vehicle has IL license plates because his family owns a security business. He came into possession of the Explorer when he moved to CO.

He began having problems with his vehicle as it began "running hot." "UNCLE D" earlier identified as DAVID HENDERSON, came to the Timbers Hotel to

look at his car. He had asked TINA BLACK if she knew someone who could fix his car and she said that she did and she would bring someone buy to fix it.

Once HENDERSON got to the hotel, he worked on the car with HENDERSON. While they worked on his car, the juvenile male subject, who had been with [REDACTED] at the time she was contacted was present. TINA BLACK came by about five times, about every ten minutes, to see what he and HENDERSON were doing and to check on the child and then leave. He himself, checked on the child about every five minutes in room #125.

The last time that he was actually in his Explorer was the previous day, in the morning. He said that the car might have sat for two days; he was not sure.

He explained that he had "been up for days" and was unsure on times. The last time that he used crack was the previous day.

At some point TINA BLACK and the others left him and HENDERSON at the hotel.

Later, TINA BLACK came back to pick up HENDERSON and she was with "a whole bunch of people" who came into the room.

When asked if the "other people" called eachother by name, [REDACTED] became evasive and said that they called each by "code names." When asked to elaborate he either would or could not.

The people that came into the room had guns and bags. He and HENDERSON left the room.

When asked what "the people" looked like he said that they were "black guys. When asked if he had seen any hairstyles he said "braids" and "braids I don't know."

As soon as the suspects came into the room he and HENDERSON looked at each other and left the room and went out to his Ford Explorer. He and HENDERSON smoked cigarettes and talked.

He said he was uncomfortable with the situation.

When asked what the bags the suspects had looked like, he said that he didn't know and just left the room when they came in.

The suspects came into the room about an hour after HENDERSON got there so he thought it was sometime in the afternoon.

He was unsure if the bags had anything in them and said that he was more focused on the guns. He said that they were handguns.

At some point he saw TINA BLACK outside of the room; she had picked up HENDERSON; he told her about the suspects in her room and she told him to get them out of her room and that she didn't "want anything to do with that."

When the suspects initially came into the room TINA BLACK was not with them. He could not remember if [REDACTED] was with them.

At some point the suspects left "in a couple of different cars" but he would or could not describe the cars. He said that he did not remember a white sedan. BLACK had taken HENDERSON home in her Buick Lucerne, he did not believe that this is one of the cars that the suspects left in.

At this point there were no bags in his car. He explained that he left his car keys on a table in the hotel room (#125).

He reiterated that he did not see what was in the suspect's bags.....he and HENDERSON just got out of the room when they saw the pistols.

He assumed that the bags taken out of his car upon a consent search were the same bags that the suspects had when they came into the hotel room. He did not recall what the bags the suspects had looked like.

When the suspects came into the room they didn't say anything. He didn't know what the suspects planned to do.

The suspects paid him to put things into his car. He assumed that they put guns in his car. One of the suspects paid him \$200. The suspect did not tell him what he wanted to put in his [REDACTED] car. They said that they would get the things they put in his car later that day.

He explained that at some point he went back in the room because it was his job to watch the child and he was asked by TINA BLACK to get the suspects out of the room. He thought that he went back into the room 30 minutes after the suspects came into it.

He said that the suspects also asked to place a trash can in his car. He couldn't see anything in the trash can because whatever was in it was covered in towels.

One of the suspects came back later and said "sorry about earlier." BLACK told the suspects not to "put (her) in that shit." The last time that he saw TINA BLACK was earlier that morning.

He doesn't know if BLACK or [REDACTED] went to any marijuana dispensaries and said that they "don't smoke weed." As far as he knows GARNER just smokes crack.

At no point did he go outside to see what the suspect's put in his car. He doesn't "ask questions." He then said that he did go out later but he couldn't see into the car at night with the tinted windows in his car.

He stated that he did not believe that either [REDACTED] or BLACK were involved in the incident.

While INVESTIGATOR LONG interviewed [REDACTED], ACSO Investigator KRISTEN MCCAULEY downloaded [REDACTED] Smart Phone via Cellebrite technology, upon [REDACTED] consent.

On 08/18/2016, INVESTIGATOR HIMES and Sgt. PETERSON responded back to the Timbers Hotel and met with the hotel's General Manager, [REDACTED]. She then provided This Affiant with a thumb drive of video taken at the hotel on the day of the robbery, 08/14/2016. This Affiant noted that the time stamp on the video was approximately ten minutes slow.

INVESTIGATOR HIMES viewed the video and noted that at approximately 1437 hours, according to the time stamp, what appeared to be a white colored, Dodge mini-van, pulled into the parking lot of the Timbers Hotel. INVESTIGATOR HIMES further observed that at approximately 1440 hours, the silver colored Buick Lucerne pulled into the Timbers Hotel parking lot and parked in front of one of the entry doors to the hotel. INVESTIGATOR HIMES further observed one of the males from the robbery of the dispensary approach the silver colored Buick Lucerne. INVESTIGATOR HIMES recognized the male suspect by the clothing he was wearing; distinct, bright colored shorts. INVESTIGATOR HIMES placed the thumb drive into evidence.

On 08/18/2016, INVESTIGATOR LONG advised INVESTIGATOR HIMES that an AVIS rental car agreement contract had been located in [REDACTED] vehicle during a consent to search. INVESTIGATOR HIMES then observed the rental car agreement and noted that the vehicle, a white colored Dodge Grand Caravan with Montana plate number [REDACTED] had been rented by [REDACTED] from the AVIS office at 3203 Quebec St. in Denver on 08/14/2016 at 1127 hours. This Affiant subsequently called AVIS and was told that the vehicle [REDACTED] rented had been returned and was in their parking lot.

INVESTIGATOR HIMES and INVESTIGATOR LONG then responded to the AVIS rental car office at 3203 Quebec St. and met with AVIS employee [REDACTED]. [REDACTED] advised INVESTIGATOR HIMES that the vehicle had been returned, but there were no keys left to the vehicle by [REDACTED]. Additionally, [REDACTED] said that the windows were rolled down in the vehicle and he had no way of rolling them up as he did not have the keys for the vehicle. [REDACTED] then showed INVESTIGATOR HIMES the Dodge Grand Caravan and INVESTIGATOR HIMES saw that it appeared to be the same vehicle that he had observed, in the video, pulling into the

Timbers Hotel on 08/14/2016. HIMES then met with another AVIS employee, [REDACTED]. She advised that she could not provide consent to search the Dodge Grand Caravan as it was still an open account with [REDACTED]. [REDACTED] further advised that her fingerprints and her brother's fingerprints would be in the vehicle as they entered the vehicle looking for a key.

INVESTIGATOR LONG noted that the windows to the van were down and could not be rolled up. Further, the vehicle was in a parking lot with public access. INVESTIGATOR LONG believed that exigency existed to take custody of the vehicle. INVESTIGATOR HIMES and INVESTIGATOR LONG then had the vehicle towed to the ACSO for processing upon a search warrant.

On 081516 Criminalist KERIE MCKOWN processed [REDACTED] vehicle with the assistance of ASCO Sgt Bruce Peterson and INVESTIGATOR HIMES. INVESTIGATOR LONG read that MCGOWN initially observed and photographed:

- 1 large black and grey "Outdoor Products" duffle bag and 1 large tan/camouflage duffle bag were on the rear seat
- 1 smaller black "Adidas" duffle bag was behind the driver's seat
- All three duffle bags contained white and clear zip-locked packages with marijuana that were similar to the packages at the Cure dispensary
- In a side pocket of the black Adidas duffle bag there were small purple containers that had a "Cure" logo on them
- Avis and Enterprise car rental documents were in the glove compartment
- A large black trashcan with wheels was in the rear area
- Glass jars with "Cure" marijuana labels, latex gloves, and other items were inside the large trashcan.

Evidence collected from [REDACTED] vehicle included, but was not limited to the following items of Cure dispensary merchandise (the recovered items were compared against a statement of loss from the Cure Dispensary that was emailed to me on 090616):

Buds	Diablo Tahoe	1609	45.6	Grams	\$	8.00	\$	364.72

INVESTIGATOR LONG determined, in comparing the evidence lists with the statement of loss from the Cure Dispensary, that all the marijuana products stolen from the cure in the robbery had not been recovered.

INVESTIGATOR LONG further read that MCGOWN obtained 46 latent lift cards from the collected items and took photographs of latent prints on some items. MCGOWN scanned the latent lift cards and saved the images in the Crime Lab's secure image server. She also uploaded the photographs to the same location in a different folder. On 08/30/16 MCGOWN submitted a report concerning latent print processing and completed on some blue storage containers, a lid to one of the containers, and 4 medical stickers.

As MCGOWN processed the collected items for latent prints she analyzed the latent prints to determine suitability for an AFIS search. Between 08/15/16 and 08/31/16 MCGOWN entered 8 latent prints into the FBI'S AFIS database which returned lists of candidates that resulted in an individualization.

The following list summarizes individualizations INVESTIGATOR LONG has made for this case as of 08/31/16:

Latent	Description or Location	Suitability	Conclusions
1A Lift	Gorilla Glue Trim, H31, 6/17/16, 431.8 g – from large black duffle bag	AFIS (01) FBI	Individualized to left thumb (#06) of [REDACTED]
2A	Gorilla Glue Trim, H27, 4/4/16,	AFIS (02)	Individualized to left ring (#09) of

AFFIDAVIT OF PROBABLE CAUSE FOR ARREST WARRANT
CR #AC16-29977

Lift	257.7 g – bottom side - from large black duffle bag	FBI	Black, Terance Jamal
3A Lift	Gorilla Glue Trim, H27, 4/4/16, 257.7 g – back side - from large black duffle bag	<u>AFIS (03)</u> FBI	Individualized to right thumb (#01) of Black, Terance Jamal
10A Lift	Purple Tahoe Trim, H28, 4/11/16, 375.3 g – from tan/camo duffle bag	<u>AFIS (04)</u> FBI	Individualized to right index (#02) of [REDACTED]
18A Lift	Purple Tahoe Trim, H24, 2/22/16, 262.0 g – bottom front side – from black Adidas bag	<u>AFIS (05)</u> FBI	Individualized to right thumb (#01) of [REDACTED]
18B Lift	Purple Tahoe Trim, H24, 2/22/16, 262.0 g – bottom front side – from black Adidas bag		Individualized to right thumb (#01) of [REDACTED]
37A Lift	Package of Wana Sour Gummies – bag #9 front side – from black Adidas bag	<u>AFIS (08)</u> FBI	Individualized to left thumb (#06) of [REDACTED]
P10 Photo KAM_0033	Lid to a glass jar - side	<u>AFIS (09)</u> FBI	Individualized to right thumb (#01) of [REDACTED]
P21 Photo KAM_0070	Blue lid to a plastic container – top/exterior (See report dated 08/30/16)	<u>AFIS (run 12)</u> FBI	Individualized to right ring (#04) of [REDACTED]

MCGOWN obtained seven sets of fingerprints that contained the following identifying information:

[REDACTED]
[REDACTED]
[REDACTED]

[REDACTED]
[REDACTED]
[REDACTED]

[REDACTED]
[REDACTED]
[REDACTED]

[REDACTED]
[REDACTED]
[REDACTED]

She saved the fingerprint records for the subjects above in the Crime Lab's secure image server.

On 082216, at about 1330 hrs, INVESTIGATORS HIMES and LONG responded to the CURE Dispensary and contacted the dispensary manager:

who advised that:

TERANCE BLACK
DOB; [REDACTED]91

had been a regular customer at their store for some time. He had been a member at the store but she had terminated his membership on 051216 as he had signed with a different store, BUDDY BOY, on 051116. This is contrary to their policy.

BLACK had last come into the store on 080816 to purchase products and was told at that time that he was no longer a member.

It was her belief that BLACK was in jail from May until 080816, which is why he had not come into the store.

BLACK had been a frequent customer, coming into the store to buy products weekly.

BLACK would have had extensive knowledge of, and where their product was kept.

[REDACTED] further explained that:

The glass jars that were taken from shelves in the front customer area are frequently handled by customers who wish to sample the marijuana contained therein.

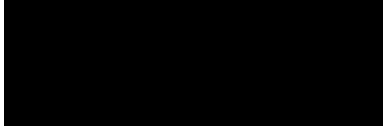

The trim that was packaged in the bags, however is shipped directly from their marijuana grow on Blake St and delivered directly to her. She then places the bags into a secure back room area with no public access. The bags of trim that were stolen in the aggravated robbery were taken from a storage closet in her office, her office and the backroom. All these areas are restricted to public access.

It is her belief that there is absolutely no way a non-employee could have handled these bags of their trim product and have left latent fingerprints on them.

She further verified that she was in the store the last time that TERANCE BLACK was in the store on 080816 and he had not handled any or the bags.

The following suspects have no record of being in the store:

- TINA BLACK

continued to advise that;

is a former employee of the store and the last time that he was in the store was 052216. It would be entirely possible that fingerprints would be on the packages of trim.

would have had his fingerprints taken prior to entering the marijuana industry.

left the store due to personnel issues.

On 083116, INVESTIGATOR LONG received GPS coordinates, via email, for:

TERANCE BLACK

DOB: 91

FBI#:

INVESTIGATOR LONG had earlier requested and received the printout of BLACK'S GPS coordinates after learning that BLACK was being monitored by the Denver Adult Probation, via a GPS ankle monitor. The information request was made, and the information obtained from:

GRETA ALDRIDGE

Denver Adult Probation Officer

720-913-8264

Upon receipt of BLACK'S GPS coordinates INVESTIGATOR LONG learned that he was geographically in the area of the robbery at the time of its occurrence on 081416 at 1356. See below:

AFFIDAVIT OF PROBABLE CAUSE FOR ARREST WARRANT
CR #AC16-29977

INVESTIGATOR LONG further learned that a short time later, [REDACTED] stopped in the area of [REDACTED] E Dickenson PL which is about the same time that [REDACTED] observed two black male suspects remove two blue plastic containers, that had been stolen from the Cure Dispensary, from vehicle similar in description to the suspect vehicle described by witnesses and seen in the security video obtained of the robbery. See below:

INVESTIGATOR LONG further ascertained that [REDACTED] is then geographically located at the Timbers motel at the same time that TINA BLACK'S silver Buick Lucerne and the above-described Dodge Caravan, rented by [REDACTED] is seen returning to the hotel in the Timber's Hotel security video. See below:

INVESTIGATOR LONG then compared BLACK and [REDACTED] GPS printout and learned that their GPS points are nearly identical from 081416 at 1421 hrs to 081516 at

1923 hrs, indicating that they were travelling and stationary together during this time period.

On 083016, INVESTIGATOR LONG obtained search warrants for TINA BLACK'S silver Buick Lucerne and for the Dodge Caravan towed from the AVIS Rental outlet, as described above. On 090116, at about, 0745 HRS, Criminalist KERIE MCKOWN and Investigator Long executed the search warrants on the vehicles that had been towed to ACSO HQ. Upon search of BLACKS vehicle, the following item(s) included, but was not limited to:

- 1 brown wallet containing a Colorado ID for [REDACTED].

On October 12, 2016 at approximately 9:45 p.m., the Denver Combined Communications Center (911) was called by the Victim's mother, [REDACTED], and notified of a shooting in front of her apartment complex at [REDACTED] S. Galena St. [REDACTED] stated that she heard six to seven gunshots and was able to see a body on the ground in front of the building. [REDACTED] said that she was worried the body was her son's. [REDACTED] told 911 that her son previously witnessed a robbery at a marijuana dispensary.

At approximately 9:52 p.m., Officers and Emergency Medical Services arrived and located the Victim in the front yard of the building suffering from multiple gunshot wounds to his body. Life resuscitation attempts failed and the Victim, subsequently identified as David HENDERSON, dob: [REDACTED]1968, was pronounced deceased at the scene. The Victim's pronouncement of death was made via Ambulance #50 (Paramedic MAYER), at 10:00 p.m., by Dr. BURKHOLDER of Denver Health Medical Center.

Your Affiant was then contacted and assigned the investigation. Upon Your Affiant's arrival at the scene, he personally spoke with Detective Jacob HUFFINE who was interviewing [REDACTED] in her apartment. [REDACTED] told Detective HUFFINE that she was worried the Victim was her son. Her son had been living with her and left the apartment approximately 20 minutes prior to the shooting. She said her son had recently been threatened as a result of him being a witness in a robbery. [REDACTED] pointed out a cellular telephone in her apartment that belonged to her son. [REDACTED] told Detective HUFFINE that her son's phone did not have cellular service but he was still able to communicate via text messages and phone calls through the "Facebook messenger" if it was connected to a Wi-Fi signal.

Your Affiant then requested that [REDACTED] be transported to Denver Police Headquarters for a formal interview with Detective HUFFINE and Your Affiant stayed at the scene to continue the investigation.

Your Affiant saw that Victim was shot multiple times in his torso/buttocks and once in the back of his head. Your Affiant and his fellow investigators subsequently located five

spent .40 caliber cartridge casings and two spent .22 caliber cartridge casings on the ground near the Victim's body.

During the scene investigation, Your Affiant was informed by Detective Joseph VASQUEZ that he interviewed a [REDACTED], who lived in an apartment building across the street from [REDACTED] and the Victim. She told Detective VASQUEZ that she saw a darker skinned male leave the scene directly after the shooting in an SUV that was parked nearby. Your Affiant asked Detective VASQUEZ to have [REDACTED] come back to the scene and point out where she saw the vehicle parked. [REDACTED] then met Your Affiant and Detective VASQUEZ at the scene where she was able to point out to Your Affiant where the vehicle was parked. Your Affiant noted that where [REDACTED] [REDACTED] stated the vehicle was parked, one would be able to see the victim come and go from his apartment. [REDACTED] explained to Your Affiant that immediately after she heard the gunshots, she ran out to her balcony. She saw a smaller sized SUV parked facing eastbound on Fulton Street, with someone she was unable to see, in the driver's seat. She also saw a dark skinned male walking from where the Victim was later found in the grass near the southwest corner of Fulton Street and Galena Way. That male got into the passenger's seat of the SUV, the vehicle drove off eastbound on Fulton Street, then northbound on Galena Way. She was unable to tell Your Affiant if there were additional passengers in the vehicle. She told Your Affiant that several minutes later, but prior to the arrival of the police, the same vehicle came back south on Galena Way to the scene. When the vehicle got to where the victim was later found, it slowed down and "crept by" where the victim was lying. The vehicle then sped back up and continued southbound on Galena Way. [REDACTED] told Your Affiant that she was 100% certain that the dark skinned male she saw get into the SUV was involved in the shooting and the SUV that she saw him get into was the same SUV she saw "creep by" where the victim was lying minutes later. She described the smaller sized SUV as being newer and silver or grey in color. She thought the vehicle may have been similar to a Honda SUV or a Kia SUV in size but told Your Affiant it could have been a Chevy, a Ford or a Toyota as well.

Your Affiant then located two smoked cigarette butts on the ground where [REDACTED] said the vehicle was parked. Your Affiant asked members of the Crime lab to take them as evidence for subsequent DNA testing.

On October 13, 2016 at approximately 4:35 a.m., Your Affiant completed the investigation at the scene and took the Victim's cellular telephone as evidence. Your Affiant began to review the Victim's cellular telephone upon his arrival at Denver Police Headquarters. When doing so, Your Affiant found a text message sent to Metro Denver Crime Stoppers on August 15, 2016. The text message stated his name was David HENDERSON at [REDACTED], and he was the one that reported the Robbery at the Cure Dispensary. Your Affiant also found numerous photos on the cell phone showing ski masks and latex gloves sitting on the back seat of a silver colored Buick Lucerne bearing Arizona temporary license plate [REDACTED].

At approximately 6:05 a.m., the Victim's cellular telephone unexpectedly locked up and began asking Your Affiant for a pass code. Your Affiant had not at that point made it through the contents of his cellular phone and did not have a pass code.

At approximately 6:10 a.m., Your Affiant interviewed [REDACTED]. She told Your Affiant that the Victim was at her apartment the previous evening but he left sometime between 6:00 p.m., and 6:30 p.m. She said that when he left her apartment he was worried, jittery, and looking all around. She called the Victim at approximately 6:00 p.m. and he told her that he was waiting on a lady that owed him some money. [REDACTED] told Your Affiant that the Victim walked over to her apartment and fixed her cable for her. They discussed him shampooing her carpet for her the following day as well. [REDACTED] explained that on Monday, October 10, 2016 he began telling her about something he saw that he said he should not have seen. [REDACTED] said that he was telling her something about him working on someone's car and he got caught up in something or saw something to do with a robbery at a marijuana dispensary. The Victim showed her photos of masks and gloves that he had on his phone. He told her he was scared because they had guns. She told Your Affiant he had been worried about it since the 10th and he was trying to get enough money to leave the state and go to Florida. She believed the dispensary that was robbed was near Yale and Monaco. She said that she did not know how the Victim became involved in the robbery; he just kept telling her that he was in the wrong place at the wrong time.

Your Affiant then located a Denver Police Report that was completed on August 14, 2016 regarding a Marijuana Dispensary robbery in Arapahoe County. Officers Rory KOWALSKI and Blake TORRES reported that at 5:29 p.m., they were dispatched to [REDACTED] S. Galena Way, Apartment [REDACTED], in reference to a narcotics complaint. Upon their arrival they contacted David HENDERSON, dob: [REDACTED] 1968, who told them that he was an auto mechanic who did business on Craig's List. Mr. HENDERSON was hired to work earlier that day on a vehicle by a woman he knew as Tina BLACK. She called him from [REDACTED]. Mr. HENDERSON told Ms. BLACK that he did not have a vehicle at the time so she picked him up at his residence in a 2008 Buick Lucerne. Ms. BLACK then drove him to the Timbers Hotel at I-70 and Peoria where he began working on a silver colored 2015 Ford Explorer. Mr. HENDERSON said that he did not have the parts to fix the vehicle and by that time the auto parts store was closed (Sunday). He went into Ms. BLACK's hotel room to ask her for a ride back to his residence. In Ms. BLACK's room there were three unknown black males with her. One of the males had dreadlocks and the other two had shorter hair. At approximately 1:00 p.m., she told Mr. HENDERSON that she and the males were going to leave but they would be right back. Ms. BLACK and the three males then left the hotel with Mr. HENDERSON waiting. Mr. HENDERSON said that at approximately 1:40 p.m., he called Ms. BLACK's cell phone but she did not answer. At approximately 2:15 p.m., she called him back and said she would be there soon. Mr. HENDERSON said that sometime between 2:35 p.m. and 2:50 p.m., Ms. BLACK and the three males returned. One of the males with her was carrying a duffle bag and another had a trashcan. Both were filled with marijuana packages. The males began pulling the marijuana packages out of the trashcan and were acting like "Thugs" so he left the room. Mr. HENDERSON then went out to Ms. BLACK's car to

wait for her. While he was waiting he said he took pictures of her vehicle with his cellular telephone. Ms. BLACK and the male in dreadlocks came out to drive him home. Ms. BLACK got into the driver's seat, the male with dreadlocks got into the front passenger's seat and Mr. HENDERSON got into the backseat. When Mr. HENDERSON was being driven home, he noticed three black colored ski masks and latex gloves on the backseat next to him. Mr. HENDERSON told the officers he was able to take pictures of the items, Ms. BLACK and the male with dreadlocks as they drove him home and dropped him off. The report stated that Officer KOWALSKI knew of the marijuana dispensary in Arapahoe County that day so he put Mr. HENDERSON in touch with their investigators. The officers also sent Officer Richard ESTELLE to the Timbers Hotel (4811 Peoria St.) to see if the vehicle Tina BLACK was driving was still there. Officer ESTELLE reported that the vehicle was no longer there but that the previous day he was at the location on a call in which Tina BLACK was involved. During that call, the officer learned that Tina BLACK was registered to room number 125 but a [REDACTED], [REDACTED] was paying for it. The checkout date was set for August 15, 2016 according to hotel staff.

Your Affiant then found a Fox 31 News report on the internet from August 14, 2016. The article described a robbery that occurred that day (Sunday) at the "Cure Marijuana Dispensary," 6200 E. Yale Avenue in Arapahoe County, just before 2:00 p.m. that day. It said that there were four masked suspects, three male and one female that robbed the dispensary at gunpoint.

At approximately 8:00 a.m., Your Affiant spoke to Investigator Edward LONG with the Arapahoe County Sheriff's Department. He told Your Affiant that he was the lead investigator on the Cure Marijuana Dispensary robbery and was briefed on his investigation. Your Affiant was told that his Victim's information on the robbery led to the arrests of several defendants. [REDACTED]

[REDACTED] Terance BLACK, dob: [REDACTED] 1991, [REDACTED] [REDACTED] Investigator LONG informed Your Affiant that Terance BLACK's mother was Tina BLACK and his girlfriend's name was [REDACTED] [REDACTED].

Your Affiant learned that both [REDACTED] and [REDACTED] were in custody at the time of the Victim's murder, but Terance BLACK and [REDACTED] had bonded out prior.

Your Affiant had the Victim's cellular telephone forensically downloaded by Detective John MEDFORD of the Technical Electronic Support Unit of the Denver Police Department. Your Affiant was provided with a report on that download.

On October 15, 2016, at approximately 12:30 Your Affiant spoke to the Victim's brother, [REDACTED]. He told Your Affiant that he had spoken to his brother about the marijuana dispensary murder and what he told police. The Victim told him that in the days after he provided the information to the police the suspects wanted the Victim to work on another car. The Victim agreed but took his friend [REDACTED] with him as a sort

of witness in case something happened. The Victim told his brother that he told this [REDACTED] everything about the dispensary robbery and how he told the police who the suspects were. [REDACTED] told Your Affiant that the Victim said when they met the suspects to work on the other car, "[REDACTED]" ended up knowing them. The Victim told his brother afterwards that he was scared she was going to tell the suspects that he was the one that told the police who committed the dispensary robbery. [REDACTED] told Your Affiant that he believed "[REDACTED]" got the Victim out of his mother's apartment the night of the murder so that the suspects could kill him.

On October 17, 2016 at approximately 12:45 p.m., Detective BISGARD noted from the Victim's cellular telephone download report that someone not in the Victim's contact list was texting and calling him on August 16, 2016, from [REDACTED]. The texts were about the Victim working on their 2010 Ford Fusion. A search of records held within the Denver Police Department showed the phone number that was texting and calling the Victim, listed to a [REDACTED]. At one point the phone number texted the Victim a number that Your Affiant recognized as a Vehicle Identification Number or VIN. The VIN was "[REDACTED]" and Your Affiant believed from prior experience that it was being sent to him so that the Victim would be able to obtain the correct parts for repairs on the vehicle. Your Affiant ran "[REDACTED]" through records held with the Division of Motor Vehicle and found that vehicle listed to Terrance BLACK's girlfriend, [REDACTED]. Your Affiant noted that after the text messages and calls were made from [REDACTED], the Victim began attempting to contact Investigators with the Arapahoe County Sheriff's Department. The Victim stated in a text message to them that "Tina's Son" wanted him to work on his car. The Victim stated that he did not know what to do and wanted to know if the Investigators wanted to go and take pictures of "Tina's Son." The Victim added that he had "no money for bills." The Investigator texted the Victim back stating that he did not think she knew he was involved at that point and the Victim could go ahead and do the job. The Victim called "[REDACTED]" at ([REDACTED]) less than 40 minutes later.

Your Affiant noted that approximately one minute after the first phone call that day from [REDACTED], the Victim was also called by "Tina" at [REDACTED]. Your Affiant searched records held within the Denver Police Department and found [REDACTED] was used by Tina BLACK in 2015.

On October 21, 2016, Your Affiant received a report from the Crime Lab stating that one of the cigarette butts taken from the scene came back to an unknown male profile and the other came back to an unknown female profile. The Crime Lab subsequently informed Your Affiant that the profiles were both uploaded into the CODIS system with negative identifications made. Your Affiant's partner, Detective VASQUEZ, verified that both Terance and Tina BLACK's profiles were previously uploaded to the CODIS system as they were both previous offenders.

On October 24, 2016 at approximately 11:55 a.m., Your Affiant interviewed [REDACTED] at Denver Police Headquarters. She stated her cellular telephone number as [REDACTED]. She told Your Affiant that she was in fact with the

Victim the night he was murdered. She said she called the Victim on his mother's cellular telephone that night because she had "Crack" cocaine and wanted to see if he wanted to smoke it with her. The Victim said that he did and she told him she would call him on his mother's phone again when she got to his residence. When she arrived at his residence, she parked on the east side of his apartment building and called his mother's phone again. The Victim came out, got into her car and she drove him around while they smoked the crack for 30 to 45 minutes. The Victim did not give [REDACTED] any money for the crack that they smoked. She told Your Affiant that she dropped him back off at his apartment building and she drove off. She told Your Affiant that she then went to a friend "[REDACTED]" house but refused to say where that was. [REDACTED] pointed out on a satellite image of the scene where she picked the Victim up and dropped him off. Your Affiant noted the location it was approximately 10 yards from where he was found shot to death. She denied seeing or hearing anything after she dropped the Victim off. She denied having conversations with the Victim about the marijuana dispensary robbery or those who committed it. She refused to tell the Your Affiant who she got the Crack she and the Victim smoked and she refused to tell Your Affiant the location she drove to after she dropped the Victim off. She denied knowing Terance BLACK when shown a photo of him and only possibly recognized a photo of Tina BLACK. [REDACTED] told Your Affiant however, that she did not know her name or where she knew her from. She told Your Affiant that she never went with the Victim to work on either of their cars and never received or purchased narcotics from them. She denied setting the Victim up or having any involvement in the Victim's murder. When Your Affiant asked her what would be found if he looked at her cellular telephone records that night, she said "probably dope calls." She also told Your Affiant that she lets people use her cell phone then deletes their activity from her phone because she is paranoid.

On October 26th 2016 at approximately 3:30 p.m., Your Affiant was provided with the Victim's mother's cellular telephone call logs. Your Affiant found that [REDACTED] did call [REDACTED]'s cell phone several times on October 12, 2016. Those calls were made at 7:15 p.m., 7:23 p.m., 8:15 p.m., 8:44 p.m., and finally again at 8:54 p.m.

[REDACTED] told Your Affiant that after she called the Victim to say she was there, she and the Victim drove around smoking crack for 30 to 45 minutes. This would place the time that [REDACTED] dropped the Victim off between 9:24 p.m., and 9:39 p.m. Again, 911 was notified of the shooting at approximately 9:46 p.m.

On November 2, 2016 at approximately 6:45 p.m., Your Affiant interviewed Terance BLACK's girlfriend, [REDACTED] at the Arapahoe County Sheriff's Office. [REDACTED]S said that she and Terance BLACK both were working at call center called Virtuoso. [REDACTED] said that after the Marijuana Dispensary at Yale and Monaco was robbed, Mr. BLACK was looking it up on the news. He showed it to her and she asked if he did it. He said he didn't do it but "his guys did it."

She thought that Mr. BLACK was in court in Adams County when picked him up for the dispensary robbery in Arapahoe County. Mr. BLACK told her that Arapahoe County was assuming that he knew something about the robbery so they arrested him. She thought he had been in jail for approximately a week when she went to pick him up.

She picked Mr. BLACK up from Adams County he began calling everyone on the phone. He was saying that it was "the mechanic... he told" and "I'm gonna need you bro... we gonna have to do it." She said that she knew from their slang that they were going to have to get him.

When Mr. BLACK got off the phone with everyone, she asked him what happened. He told her that they got the discovery of the guy telling on Mr. BLACK and the others about the robbery. She told Your Affiant that she knew who the guy was that they were talking about because Mr. BLACK had the mechanic work on her car on one occasion. She asked Mr. BLACK if it was the same mechanic that was working on her car and he told her yes. She asked what happened and if Mr. BLACK made the mechanic mad or something. He said that he did not know why the mechanic went and said that he was involved.

██████████ said that when the "mechanic" was murdered. She and Mr. BLACK were on their way to work at the call center and he was watching the news on his phone again. She could hear that the news was saying that a guy was shot in front of some apartment. She said right then and there she knew that it had to be the "mechanic" because of the things he and his friends were talking about.

When they got to work, there was a co-worker she became friends with who was not there. This surprised ██████████ because this lady was always at work. On one of ██████████ breaks she got on Facebook. She saw on the co-worker's page that her brother was killed. There was a photo of her brother and ██████████ recognized him as the "mechanic." The lady's name was ████████. She showed it to Mr. BLACK and asked if it was the "mechanic." He replied that it was and she said that he was dead. Mr. BLACK said "So... I don't care."

At that point in the interview with Your Affiant, ██████████ began to cry. ██████████ said that ████████ was not at work the rest of the week. ████████ came to work finally on the following Monday and ██████████ said her heart dropped. She was pretty sure that she knew something about ████████ brother's murder, she was pretty sure that the father of her child did it, and they all three worked together

██████████ was talking to her about her brother and ██████████ said that she had a knot in her throat and could not take it. ██████████ told Mr. BLACK that she could not be there and it was too stressful. That Tuesday after it happened she went on break and did go back. She told Mr. BLACK to tell their boss that she quit. She told Mr. BLACK that she was stressed out and having a lot of anxiety. ██████████ said that she could not be there and talk to ████████ face.

Mr. BLACK was the one that had the “mechanic” work on her 2010 Ford Fusion. She told Your Affiant that her car was registered in her name.

██████████ told Your Affiant again that Mr. BLACK knew the “mechanic” was the one that told one them to the police from the discovery. He called about four or five people after he got out of jail talking about it but she did not know who they were. She told Your Affiant that from the language Mr. BLACK was using while he was talking on the phone, she knew it to mean that they needed to get rid of the mechanic.

Mr. BLACK said to her that he got the discovery and the mechanic was on there and the mechanic told them everything about the robbery. She thought that the mechanic was the only witness.

She told the Your Affiant that when Mr. BLACK showed her the news reports about the two incidents, it was like he wanted her to know, but did not want to directly say that he committed the incidents.

He told her that he didn’t do the robbery because he was on the GPS monitor but she thought to herself well then how do you know when it happened.

She has heard him talk about guns and knew he had been arrested with guns before but did not know where he kept them.

Mr. BLACK also mentioned that the mechanic lived in an apartment with his mother. That was another reason that she felt like he did it after she heard that the guy was shot in front of an apartment building. She told Your Affiant that Mr. BLACK did not want to go to jail for the robbery.

She said she asked if Mr. BLACK made the mechanic mad, and that was why he snitched. Mr. BLACK told her that the mechanic just voluntarily gave up the information.

She believed that Mr. BLACK specifically looked up the murder on the news because she did not know how else he would have known that it even occurred.

Mr. BLACK knew that ████████, the lady the worked with, was the victim’s older sister and he was like “I don’t give a fuck... I don’t care.”

She said that after the murder she had been trying to keep her distance from Terance BLACK. Your Affiant asked her why and she replied that it was because she felt like he did it.

██████████ told Your Affiant that another reason she believed Terance BLACK killed the mechanic was because that evening he was not with her. She called him once or twice but he would not answer. He usually called her back after she called but that night, he did not.

██████████ told Your Affiant that Mr. BLACK's cellular telephone number was ██████████

On November 9, 2016, Your Affiant interviewed ██████████ at the Arapahoe County Sheriff's Office about the marijuana dispensary robbery and his possible involvement. ██████████ told Your Affiant when Terance BLACK, ██████████ and others came back to the Timber's hotel after the dispensary robbery, ██████████ and Mr. HENDERSON were in the hotel room. They were bringing the marijuana in to the room and they had guns, one that ██████████ described as an AK-47. Terance BLACK then pointed a gun at ██████████ and Mr. HENDERSON and said "y'all motherfuckers better not say shit or I'll kill both of y'all." ██████████ told Your Affiant that he thought Mr. BLACK was going to kill them both right then and there. ██████████ and Mr. HENDERSON left the hotel room.

██████████ told Your Affiant that approximately a month after the robbery he was walking on East Colfax Avenue and Terance and Tina BLACK pulled up to him in a car and told him to get in. ██████████ said that Terance BLACK apologized for thinking he was the "Cop" and then he said they had to handle Mr. HENDERSON. ██████████ said that he asked Terance BLACK what he meant by handling Mr. HENDERSON and he said "we're gonna have to kill him."

██████████ told Your Affiant that Tina BLACK then said to ██████████ that she thought her son should wait a little while before he does it. She said she didn't think he should just go out there and do it. She said she didn't want it to seem like it was them.

They told ██████████ that they had the discovery and Mr. HENDERSON had been running his mouth. Terance BLACK said he read half of it and Mr. HENDERSON's name was "all over it... telling."

██████████ said that Terance BLACK asked him where Mr. HENDERSON was and he said that he had no clue. Terance BLACK told ██████████ that if Mr. HENDERSON didn't show up, they didn't have a case. He told ██████████ that they could not prosecute them because Mr. HENDERSON was "the witness."

██████████ told Your Affiant that he believed Terance and Tina BLACK were trying to get him involved in killing Mr. HENDERSON.

On November 16, 2016 at approximately 3:55 p.m., Your Affiant reviewed ██████████ cellular telephone records from the day the victim was murdered. Your Affiant noted 11 telephone calls to and from Tina BLACK and ██████████. ██████████' cellular phones prior to the Victim's murder with the latest occurring at 9:20 p.m. Your Affiant also noted two calls to and from Terance BLACK's cellular telephone, ██████████, and ██████████' cellular prior to the Victim's murder with the latest being a "completed" 1 minute 21 second call to ██████████ cellular phone at 9:25 p.m.

Your Affiant noted that after the Victim's murder, [REDACTED] cellular phone called Tina BLACK's cellular phone again at 11:24 pm. [REDACTED] cellular phone also called Terance BLACK's cellular telephone, [REDACTED] again at 11:42 p.m.

On November 25, 2016, Your Affiant applied for and received a search warrant for the cellular telephone records and cell phone towers utilized by Tina BLACKS's cell phone. Ms. BLACK's cell phone number is [REDACTED] and her cell phone provider/carrier is Metro PCS. Your Affiant then had the cell phone records and cell phone tower records analyzed by Alcohol, Tobacco, and Firearms (ATF) Analyst Julie MILLER. Analyst MILLER then stated in her written report:

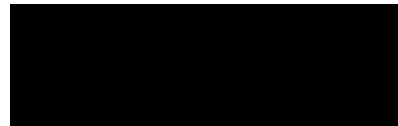

"Analysis of phone records for [REDACTED], associated with Tina Black on August 14, 2016 around 2:00pm MDT resulted in a record at 7:51:20pm UTC on August 14, 2016 (also known as 1:51:20pm MDT). The contact was a contact with phone [REDACTED] and was a duration of 9 seconds. The cell phone was utilizing a cell site in close proximity of the robbery location 9 minutes before the 2:00pm incident."

On January 1, 2017, ACSO Criminalist KERIE MCGOWN analyzed a previously developed latent fingerprint (labeled 9A) that had been lifted from the back side of a package of medical marijuana that was labeled "Gorilla Glue Trim, H21B, 1/12/16, 49.5g," which was stolen from the Cure Dispensary during the aggravated robbery. MCGOWN entered this latent print into the FBI's AFIS database which returned the following suspect as a candidate:

MCGOWN compared latent 9A to the suspect listed above and individualized it to the left thumb (#06) of [REDACTED]. This individualization was verified by Supervising Criminalist ANDREA MCDONALD.

MCGOWN then obtained additional fingerprints and palm prints that contained the following identifying information:

On 011917 MCGOWN analyzed and compared additional latent fingerprints to the suspect listed above with the following conclusions for each latent fingerprint:

Latent	Description or Location	Anatomical Source	Suitability	Conclusions
8A	Gorilla Glue Trim, H31, 6/21/16, 341.2 g – back side	Palm	<u>AFIS (16)</u> FBI	Individualized – right palm of [REDACTED]

AFFIDAVIT OF PROBABLE CAUSE FOR ARREST WARRANT
CR #AC16-29977

9A	Gorilla Glue Trim, H21B, 2/12/16, 49.5 g – back side	Finger	<u>AFIS (17)</u> FBI	Individualized – left thumb (#06) of [REDACTED] (Reported on 1/10/17)
9B	Gorilla Glue Trim, H21B, 2/12/16, 49.5 g – back side	Finger	Comparison value	Inconclusive – left thumb (#06) of [REDACTED] -Consistent, but not sufficient
9C	Gorilla Glue Trim, H21B, 2/12/16, 49.5 g – back side	Finger	Comparison value	Individualized – left thumb (#06) of [REDACTED]

The bags of medical marijuana mentioned above were found inside of a large black and grey “Outdoor Products” duffel bag that was collected from the inside of the Ford Explorer bearing ILL license plate # [REDACTED].

Cure Dispensary Manager [REDACTED] had previously explained that the trim that was packaged in the bags is shipped directly from their marijuana grow on Blake St and delivered directly to her. She then places the bags into a secure back room area with no public access. The bags of trim that were stolen in the aggravated robbery were taken from a storage closet in her office, her office and the backroom. All these areas are restricted to public access.

It is her belief that there is absolutely no way a non-employee could have handled these bags of their trim product and have left latent fingerprints on them.

INVESTIGATOR LONG reviewed the above-described surveillance video obtained from the Timbers Hotel and noted that a suspect, attired in tan pants and a white t-shirt, who is seen entering and emerging from TINA BLACKS Buick Lucerne, possesses similar physical characteristic to [REDACTED] however, the video is blurred and facial recognition is not possible. What is believed to be the same suspect is also seen in the Cure Dispensary surveillance video robbing the store with two other suspects.

On 012317, at about 1127 hrs, INVESTIGATOR LONG responded to the Cure Dispensary and contacted [REDACTED] verified that [REDACTED] has never been employed at that Cure dispensary and after checking, verified that [REDACTED] has also never been employed at their marijuana grow where the Gorilla Glue Trim marijuana is packaged. INVESTIGATOR LONG concluded that [REDACTED] fingerprints could not have been legitimately left on the package Gorilla Glue Trim.

On April 12, 2017 at approximately 2:30 p.m., Your Affiant interviewed [REDACTED], at the Arapahoe County Sheriff's Office.

[REDACTED] told the detective that he was not sure what day it was, but he was in court and he read the discovery from the dispensary robbery. [REDACTED] called his wife later that night and found out that the discovery was also sent to their house. He did not know how that happened but he told her to give it to Terance BLACK because the “Mechanic” was “telling.” [REDACTED] said that his wife talked to Terance BLACK and Terrance BLACK went over and got the discovery from her. They then made copies.

Terrance BLACK's had a cousin named [REDACTED] and at the time [REDACTED] and [REDACTED] were cellmates. One day, [REDACTED] called his wife and she told him that the "Mechanic" was dead. [REDACTED] said that at that point he and [REDACTED] did not know who killed the "Mechanic" but they assumed they knew who did.

More time went on and Terrance BLACK was put in the Arapahoe County Jail. Terrance was in the pod next to [REDACTED] and the two were able to talk through a shared door. The first day that Terrance got there he was banging on the door for [REDACTED]. [REDACTED] was alerted by another inmate so he went upstairs to talk with him. Terrance identified himself to [REDACTED] and Terrance began to say "I got that nigga, I got that nigga." [REDACTED] asked who he was talking about and Terrance replied "The Mechanic." [REDACTED] said "What?" and Terrance said "Don't even trip bro, we're good, we're good." Terrance said that the mother of his child was talking to the detective and that was why he got the million dollar bond. Terrance said she was talking about everything.

Time went on but [REDACTED] said he and Terrance BLACK continued to talk. One day, [REDACTED] asked him who he was with. Terrance replied "[REDACTED]" [REDACTED] said that he did not know who that was and Terrance replied [REDACTED]. [REDACTED] said he still did not know who Terrance was talking about. Terrance then mentioned "[REDACTED]" but [REDACTED] told Your Affiant he could not remember who Terrance said the father was. [REDACTED] told the detective that whoever the father was he still did not know who "[REDACTED]" was.

[REDACTED] said that his attorney's later came to him with new discovery. [REDACTED] said he was looking through copies of ID's of people he did not know. He read what [REDACTED] said. [REDACTED] went back to the pod and told Terrance everything that [REDACTED] told the detective. Terrance told [REDACTED] "I should have got him." [REDACTED] told Your Affiant [REDACTED] told Terrance that the detective was talking about guns in there as well. [REDACTED] asked Terrance "Y'all good?" Terrance replied back "We all good... you already know." [REDACTED] said no and that he wasn't sure. [REDACTED] said the police got some guns, he said they found a 9, a 38 and some other stuff. Terrance said "No bro I used a 40 and a deuce deuce." [REDACTED] told the Your Affiant that Terrance was not worried about anything. He said "You know how I get down." [REDACTED] knew that to mean that Terrance would dismantle the guns and throw the pieces of the guns in different trashcans all over.

Terrance BLACK ended up leaving the next-door pod and [REDACTED] got moved into the pod Terrance was in. When [REDACTED] got to that pod they put him in the same cell as Terrance's big cousin [REDACTED]. [REDACTED] told the detective that [REDACTED] told him the same story but [REDACTED] implicated himself. [REDACTED] said that [REDACTED] said he was the one that "Stood over" the victim. [REDACTED] said that it was him and [REDACTED] that shot the Victim and Terrance was driving. [REDACTED] said they were waiting on the Victim and got him in front of his mother's house. [REDACTED] told the detective that he was not sure but thought [REDACTED] told him it was early in the morning.

██████ told ████████ that at first, when they got up on “The Mechanic,” the mechanic was scared and jumped back. One of them started shooting, and ████████ was the one that then went over to the Victim, stood over him, and shot. ████████ told ████████ that Terrance ended up getting on the ankle monitor the following morning.

██████ told Your Affiant that Terrance knew the “Mechanic” well but ████████ did not know how they knew where his mother lived.

██████ said that Terrance was only worried about ████████. Terrance said he should have got at him. ████████ said the first time he looked at the discovery, ████████ was not telling on them. ████████ said then later he saw in the discovery that he did end up talking.

On June 20, 2017, at approximately 2:00 p.m., Your Affiant was notified by the Denver Crime Lab that there was a National Integrated Ballistic Information Network (NIBIN) hit on the .40 caliber cartridge casings recovered at the scene of Mr. HENDERSON’s homicide. The hit was associated with a spent cartridge casing recovered by the Aurora Police Department on an unlawful discharge, September 24, 2016 at 9201 E. Colfax. On that incident Aurora Police Officers received information that the individual in room 25 was the one that fired the weapon. The officers attempted to contact the occupant(s) of Room 25 but were unable to contact anyone in the room but were able to locate the spent cartridge casing evidence.

Your Affiant noted that the address was “The Carriage Motor Inn” and recalled that Terance BLACK’s girlfriend, ████████, told Your Affiant that Terance BLACK sold narcotics there.

On June 21, 2017, at approximately 8:10 a.m., Your Affiant contacted Investigator LONG and requested emergency contact and next of kin information on ████████ who was housed in the Arapahoe County Jail with ████████

At approximately 10:00 a.m., Your Affiant and Detective VASQUEZ went to the Carriage Motor Inn, 9201 E. Colfax Ave., to see if they had any records of who was registered to Room 25. Your Affiant and Detective VASQUEZ were subsequently told by the staff at the hotel that in September of 2016, Terance BLACK and his brother ████████ were staying in Room 25. Your Affiant was also informed that Tina BLACK and ████████ were staying in Room 9 at the time. Your Affiant asked the staff if they had any records from September of 2016 regarding the rooms and was told that they were unsure but would look.

At approximately 12:00 p.m., Your Affiant received an “Adult Profile Sheet” on inmate ████████ from Investigator LONG. Your Affiant noted that the ████████ that was housed with ████████ was in fact ████████ son.

On June 26, 2017 at approximately 1:15 p.m., Your Affiant and Detective MEONI went back to the Carriage Motor Inn and contacted the staff. Your Affiant was provided with a copy of Terance BLACK’s driver’s license that was obtained on November 30, 2016 to rent Room 25. Your Affiant was informed that they were still searching through their records.

On June 30, 2017, Your Affiant was contacted by Investigator Matthew STONEBERGER with the 18th Judicial District Attorney's Office. Investigator STONEBERGER told Your Affiant that [REDACTED] positively identified [REDACTED] in photo arrays. Investigator STONEBERGER said that he was also able to listen to two of [REDACTED] son, [REDACTED] inmate telephone recordings. Investigator STONEBERGER said that in a phone call he made to his wife on October 13, 2016 at 6:45 p.m., [REDACTED] was told that [REDACTED] was shot and killed in front of his mother's house the previous night. She said that "Dave" was shot in his head and in his back. Inmate [REDACTED] wife said that someone named [REDACTED] called Inmate [REDACTED] mother and told her about it. Inmate [REDACTED] mother then called his wife that morning and told her about it. Inmate [REDACTED] wife told him that no one knew who did it.

On July 12, 2017, your Affiant took [REDACTED] into custody at her residence and transported her to the Arapahoe County Sheriff's office. [REDACTED]. [REDACTED] was advised of her rights under Miranda and she agreed to speak with Your Affiant. She told Your Affiant that the night of Mr. HENDERSON's murder she was at a motel on East Colfax Avenue purchasing Crack Cocaine from Terance and Tina BLACK. While in their hotel room, Terance and Tina BLACK began to ask her where David HENDERSON was. [REDACTED] told them that she was going to meet with him at after she left. [REDACTED] told Your Affiant that Terrance and Tina BLACK said that Mr. HENDERSON had been "snitching" and "snitches get stiches." [REDACTED] asked Terrance and Tina BLACK what Mr. HENDERSON had been "snitching" about and she told Your Affiant that they said they could not tell her. [REDACTED] said that she told them the approximately area of where she was going to meet Mr. HENDERSON and they told her they would follow. [REDACTED] got in her vehicle and approximately three or four people from Terance and Tina BLACK's hotel room got into another vehicle. [REDACTED] drove to Mr. HENDERSON's residence and picked Mr. HENDERSON up with the vehicle following. She told Your Affiant that she and Mr. HENDERSON drove around smoking the Crack Cocaine with the vehicle still following them. When they were done smoking she dropped Mr. HENDERSON back off at his residence. [REDACTED] told Your Affiant that when Mr. HENDERSON was walking to his residence she heard gunshots and immediately drove away. [REDACTED] told Your Affiant that she thought they were only going to beat up Mr. HENDERSON, not kill him. This interaction was video recorded.

Therefor Your Affiant respectfully requests that an arrest warrant be issued for:

Black, Terance Jamal
DOB: [REDACTED] 1991

for the charge (s) of:

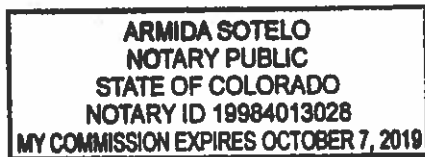

AFFIDAVIT OF PROBABLE CAUSE FOR ARREST WARRANT
CR #AC16-29977

18-4-303	Aggravated Robbery of Controlled Substance x 3	2F
18-2-201	Conspiracy to Commit Agg. Robbery of Controlled Sub.	3F
18-4-302	Aggravated Robbery	3F
18-4-202	First Degree Burglary	3F
